"A. and S. Model Department Stores"

to Give Away.

A new game for Christmas! Good news for the children of Brooklyn! It is a cardboard model of the Abraham and Straus Store, in all the right colors; built so as to show all the floors at the rotunda. There are counters and salespeople and floormen and customers—these you can arrange yourself. And thirty thousand of these new Games will be ready to give away to-morrow. Due notice will be given of the day for distribution of the balance. We want to make it as wide as possible—want every child in Brooklyn to be playing Abraham and Straus on Christmas Day. So with each of the first 30,000 packages that you carry home from the Store to-morrow one of these games will go, and of course they won't last all day. We take this method because we cannot give any extra burden to our Department of Delivery. It is the surest way to make wide distributionfor everybody comes to Abraham and Straus' now.

Gifts for Everyone.

Furniture, pick out their choicest patterns and their finest work. And just at Christmas time the Furniture Store is at its very best. Something appropriate for everyone—even the baby. We have made up a convenient list and Every Piece is Sharply Underpriced.
